United Headsets Max 75

Professional wireless headset for office, work-at-home and Unified Communication- and MS Teams users

The United Headsets Max 75 is an entry-level wireless Bluetooth™ headset for office, work-at-home and Unified Communication users, who want to use a professional wireless headset for an affordable price.

With this comfortable Plug & Play headset, with a range of up to 30 meters, you can roam freely allowing you to create the most ideal working environment and most comfortable work style.

The United Headsets Max 75 can be connected with two Bluetooth™ devices at the same time. This makes it easy to switch between (smart) phone and PC. Deploy the headset quickly with the universal and optional BTD75 Bluetooth™ adapter.

By connecting this MS Teams compatible headset to your PC with the supplied USB cable, it can be charged and used as a wired USB headset at the same time.

Features

- Up to 24 hours of talk time
- Superior Noise Cancelling microphone
- Echo cancellation and noise suppression using DSP
- Neodymium speakers deliver more powerful and richer sound
- Leatherette ear cushions provide all-day comfort
- Wireless range of up to 30 meters
- Plug & Play: fast deployment - also without BT-D75 dongle
- Connects to 2 Bluetooth devices at the same time
